

ASK YOUR DEALER FOR

U. S. POULTRY FENCE

It's so stiff and satisfactory. It does not require a top rail or base board, thus saving on your lumber bill. Guaranteed several times stronger and 100 per cent better in every way than other makes. It's not merely a substitute for old style netting, but it's something much better for less money. Come in and see for yourself or send us your name and we will mail you some attractive literature.
